

The **ASHVINS Group's** application for Statewide and Inter-Local Certified Business Enterprise (CBE) certification was approved by the State of FL, OSD. The certification of the business, which is designated as Woman Owned, is effective for a period of two years.

PRESS RELEASE

State of FL approves ASHVINS for CBE certification, designated as Woman Owned.

The ASHVINS Group, Inc.

Technology Professionals

<http://www.ashvinsgroup.com>

MIAMI FL, USA – January 28th, 2014. The **ASHVINS Group, Inc.**, an Information Technology firm focused in project based consulting and staff augmentation, was recently certified by the State of Florida, Office of Supplier Diversity, as a Women's Business Enterprise (WBE).

The State of FL OSD Certification was awarded on January 17, 2014 and remains valid through January 17, 2016.

Certification is a review process that ensures a disadvantaged/minority business is actually owned, controlled, and operated by the applicants. The certification process is administered by a certifying agency (OSD), generally a government agency. The certification process is time intensive plus, the application requirements are very stringent and must be met completely.

Woman owned certifications are professional certifications with rigorous criteria and inspections that document a special capability or status that will assist The ASHVINS Group to successfully compete for government and commercial contracts.

ABOUT ASHVINS GROUP

The **ASHVINS Group** serves both federal and commercial marketplaces by providing a variety of technology services including: staff augmentation, project management, requirements analysis, specification development, process/systems evaluation, systems design, implementation and integration, application development and verification/validation. Our projects range from technology consultation to Full Life Cycle Application Development. ASHVINS Technology Professionals' support also includes data collection interfaces, data analysis, database development, process automation and computer related systems validation. In addition, the company is skilled in software development, validation and compliance processes for FDA regulated environments (and HIPAA compliant applications).

Areas of ASHVINS' technical expertise include web based systems, Windows and MAC operating environments, mobile platforms and wireless technologies. The ASHVINS Group is certified both as a Woman Owned and Small Business Enterprise. Visit our web site at www.ashvinsgroup.com for a summary of typical projects.
