PRESS RELEASE

GSA Training Conference & Expo 2010

The ASHVINS Group, Inc.

GS-35F-0561T

<http://www.ashvinsgroup.com>

MIAMI FL. USA – May 4, 2010. Jim Berlin, Business Development Director of **The ASHVINS Group, Inc.**, an Information Technology consulting firm, presented custom Application Development and IT Staffing Services to federal, state and local government personnel as authorized in a GSA IT 70 Schedule under Contract GS-35F-0561T and also Miami-Dade County and State of Florida Contract 973-561-010-1. The company offers these services to assist government agencies to accomplish detailed software projects and to augment staff for support of IT systems.

The U.S. General Services Administration holds this annual GSA conference to present new products and technologies in addition to certified Training Session to government employees particularly focusing on acquisition professionals and executive project managers. It represents a major source of information to update and enhance federal, state and local government personnel.

ABOUT ASHVINS GROUP

The **ASHVINS Group** has been in business since 2000 and serves both federal and commercial marketplaces by providing a variety of technology services including: project management, requirements analysis, specification development, process/systems evaluation, systems design, implementation and integration, application development and verification/validation. Our projects range from technology consultation and staff augmentation to Full Life Cycle Application Development. **ASHVINS** Technology Professionals' support also includes data collection interfaces, data analysis, database development, process automation and computer related systems validation. In addition, the company is skilled in software development, validation and compliance processes for FDA regulated environments (and HIPAA compliant applications).

The **ASHVINS Group** offers clients a synergistic approach to Project Management that combines experience in healthcare industries with IT development expertise. Areas of technical expertise include web based systems, Windows operating environments, mobile platforms and wireless technologies. The **ASHVINS Group** is a Certified Woman Owned Small Business with a GSA Schedule 70 to support government contracts. Visit our web site at www.ashvinsgroup.com for a summary of typical projects.
