

Project Managers for **The ASHVINS Group** complete Project Management Institute (PMI) Certification. PMI's certification process maintains an ISO 9001 accreditation in quality management systems. PMI Certification for Project Managers reaffirms Ashvins Group's commitment to optimal customer service and the quality of services provided.

PRESS RELEASE

PMI PMP® Certification; May 2009

The ASHVINS Group, Inc.; Technology Professionals

<http://www.ashvinsgroup.com>

MIAMI FL. USA – May 18th, 2009. Jim Berlin, Business Development Director of **The ASHVINS Group**, Inc., an Information Technology consulting firm focused in medical and life science industries, announced commitment to ISO 17024 with the accreditation of Project Management Professional (PMP®) for Ashvins Group Project Managers. PMI's PMP® credential is considered by many as the "gold standard" of global project management certification. This credential, which is ISO 9001-2000 compliant, connotes the holder as one who has demonstrated the knowledge, experience and leadership skills required to competently practice project management.

"PMI credentials establishes The Ashvins Group's dedication to and proficiency in project management", said Lynn Hilt, President/CEO of The Ashvins Group. To attain PMI credentials, the Project Managers had to satisfy the educational and professional experience requirements established by PMI and demonstrate their ability to apply project management knowledge to situational and scenario-based questions in an examination.

ABOUT THE ASHVINS GROUP

The ASHVINS Group is a full application lifecycle development organization that provides technology services to global healthcare organizations including companies such as Baxter, Abbott Laboratories, Smiths Medical, Beckman Coulter, Thermo-Fisher, Insulet and Siemens Medical, in addition to the US Federal Government. A variety of IT skills are available from The Ashvins Group to support application development, validation and/or implementation. Professional skills include Project Management, System/Process Engineers, Software Developers, Software Quality Assurance Specialists and Documentation Specialists. The blend of healthcare and clinical experience combined with IT related processes/systems expertise makes The Ashvins Group a valuable partner who can deliver results and assist in identifying enabling technology that will enhance business capabilities and value. Areas of technical expertise include web based systems, Windows operating environments and wireless technologies.
