

The **ASHVINS Group** has been awarded the "Information and Technology Consulting Services State Term Contract" by the State of Florida.

PRESS RELEASE

State of FL Awards **ASHVINS Group** IT Consulting Services Contract
The ASHVINS Group, Inc.
Technology Professionals
<http://www.ashvinsgroup.com>

MIAMI FL. USA – September 4, 2009. The **ASHVINS Group** has been awarded the "Information and Technology Consulting Services State Term Contract" by the State of Florida, Department of Management Services. For the qualifying firms selected by the State of Florida, this IT Consulting Services Contract is effective for three (3) years from the award date (September 4, 2009) and covers four project areas: (1) Analysis and Design, (2) Development and Integration, (3) Operational Support and (4) Staff Augmentation. The **ASHVINS Group** was awarded the contract in all four project areas. State Agencies and Other Eligible Users (OEU) will use Prime Contractors awarded in Project Areas 1, 2 and 3 to contract for work on specific projects. Agencies and OEU will use "Project Area 4" when staff augmentation services from awardees that possess the technical skills are needed by the client organization on a contingent assignment basis. The State of Florida scores and selects firms for this highly competitive contract based on financial stability, technical expertise, references and pricing.

ABOUT ASHVINS GROUP

The **ASHVINS Group** has been in business since 2000 and serves both federal and commercial marketplaces by providing a variety of technology services including: project management, requirements analysis, specification development, process/systems evaluation, systems design, implementation and integration, application development and verification/validation. Our projects range from technology consultation to Full Life Cycle Application Development. **ASHVINS** Technology Professionals' support also includes data collection interfaces, data analysis, database development, process automation and computer related systems validation. In addition, the company is skilled in software development, validation and compliance processes for FDA regulated environments (and HIPAA compliant applications).

The **ASHVINS Group** offers clients a synergistic approach to Project Management that combines experience in healthcare industries with IT development expertise. Areas of technical expertise include web based systems, Windows operating environments, mobile platforms and wireless technologies. The **ASHVINS Group** is a Certified Woman Owned Small Business with a GSA Schedule 70 to support government contracts. Visit our web site at www.ashvinsgroup.com for a summary of typical projects.
